

## Representation Office of the Organization of Turkic States in Hungary

2023/TURKKON/88

Budapest, 06 February, 2023

Your Excellency,

Personally and on behalf of the Representation Office of the Organization of Turkic States in Hungary, let me express my deepest sympathy and heartfelt condolences to Türkiye, to the victims of the devastating series of earthquakes that shocked Kahramanmaraş and ten neighbouring provinces on 6 February 2023. I am deeply saddened by the news that the disaster caused the loss of hundreds of human lives, and made serious damages in more than 1700 buildings, even hospitals.

We carry Türkiye in our thoughts, mourn together the victims of the disaster, and wish quick recovery for all injured. I would like to voice my greatest respect for those who are tirelessly taking part with great efforts in the rescue operations. I am confident that the strength and resilience of the brotherly nation of Türkiye will help them through this catastrophe.

I assure Your Excellency that our Representation Office is ready to provide any necessary assistance within its capacity.

Yours Sincerely,

  
Dr. János Hóvári  
Executive Director
